persons in the city and the adjacent towns will be supplied with the Daily Intelligencer by Mr. F. S. Sears, at the rate of TEN CENTS A WEEK. This will afford an accommodation to many who do not wish to subscribe by the year. Mr. S. will supply his subscribers punctually and at an early

17 Any of our city subscribers who fail to re ceive their papers, will please notify us of the fact, at the office. The carriers have not yet thoroughly learned the routes.

To Advertisers .- We must ask the indulgence of our patrons whose adverstisements may be omitted, until we receive an additional supply of 'quads," which we have sent for. We shall be ready to accommodate them all in a few days. In the meantime, we invite attention to our rates of advertising, on the first page, and the many other inducements to those who wish to get readers for their advertisements.

Correction.—In the communication of Daniel Kneedler, yesterday, it should read that he was a turist. member of Capt. Drum's Light Company, G, Plying Artillery, instead of Duncan's.

To OUR WESTERN SUBSCRIBERS .- Our Western subscribers, who failed to get their paper of yesterday, will please accept this apology: Our pressman not being apprised in time of an increase of 100 subscribers since the preceding issue, the edition of course, ran short. Last night we put on an additional 'head of steam.'

trict of Va., convened yesterday. Some 30 foreigners were naturalized. No other business of much importance was done.

The case of George Oliver, indicted for Manslaughter, in connection with the explosion of the steamer Friendship, is set for to-day.

FIRE COMPANIES .- It will be seen by the procee dings of the fire Companies, that they have resolved to have a general parade on the fourth Saturday of the present month. Also, that they are to petition the Council for an increase and improvement of their aparatus. The latter subject cannot be too strongly urged upon our citizens. We repeat a question we asked the other day-what would their present aparatus do with a fire at the top of the new Hotel, or the Wrshington Hall?

"THE WHEELING DAILY INTELLIGENCER, a large well-printed and ably-edited whig paper, recently started by Messrs. Swearingen & Taylor and edited by J. H. Pendleton and Oliver I. Taylor, is now coming to us in exchange. Wheeling has al-ways been proverbial for her mean looking papers the Intelligencer now exempts her from that proach."-- Chilicothe Ancient Metropolis. We cannot do less than thus publicly thank our

friend for his complimentary notice, and hope we shall continue to merit the same good opinion at home and abroad.

PRINTERS .- The Columbus Journal says the Printers at Cleveland are on a strike. We wish some of them would 'strike' over this way in their perambulations. We have been ever since our first issue seriously embarrassed in our mechanical department, owing to a deficiency of compositors .-Those we have had have done nobly, but we want a few more. We have sent to Pittsburgh, Cleveland and other places, but are told that not only none are idle but that there is demand for more .-We are glad to hear of their prosperity, but wish they would give us a sight in this neck of the woods.

THE LEVY COURT of Ohio county adjourned yes terday evening, after a protracted session of three days. During the session, much business, necessarily connected with the Levy, was transacted; which, at this was the first court of the kind in this county, under the new Constitution, will serve as a precedent for future years.

The allowance for writers at State or count elections, for instance, was fixed, for past services, at \$1 50; for future services, at \$2 per day.

Conductors and commissioners at elections are to serve gratuitously, and it is made their duty to certify the services of writers that THEY may be paid This is certainly a good arrangement, as it will save a vast amount of time at the Levy court, 5 BBLS. Dogs are entirely too numerous in town for either public or private utility. One can scarcely be out at night without being assailed by rabid dogs at every corner, and frequently by a number of them at once, sallying out worse than Tam O'Shanter's legions of witches The public weal would be promoted by a diminution in this species of population. We believe there is an ordinance which, if enforced, would remedy the evil.

City Fire Companies.

A meeting of the Directors of the several fire Cos. of the city was held at Hope Hall on Friday evening, Sept. 3, 1852. On motion, WM. EXLEY was appointed Chairman, and F. W. Knox, Secretary. The object of the meeting was stated to be for making arrangements for a general parade .-On motion, it was resolved that a Fireman's general parade should take place on the 4th Saturday of this month, and that the several Companies be requested to meet in Market square at 2 o'clock, punctually, on the day above named.

On motion, a committee of 3 from each Company was appointed as a committee of General Arrangements, as follows:

Clark Haines, L. B. McLain and W. Wallace 1st Ward Hose Co.

THE FARM KIN'S GUIDE TO

SCIENTIFIC AND PRACTICAL AGRICULTURE,
ALIAS, THEOSLY CORRECT EDITION OF 'STEPHEN'S BOOK
OF THE FARM. BY HENRY STEPHEN'S, P. R. S., OF
EDINBURGH, WYNT AN AMERICAN APPENDIX, BY J. P. NORTON, PROPESSOR OF SCIENTIFIC AGRICULTURE, IN YALE
COLLEGE, NEW HAVEN.
This-work embraces every subject of importance connected with Agriculture, in all its various branches, both theoretical and practical. 'His clear and spatious details, the
fulness and accuracy of its information, the completeness
of every illustration, have, in an Agricultural work on practice, never been equalled.' It is arranged under four seperate heads, represented by the four seasons of the year—
Winter, Spring, Summer, Autumn—and the notes of Professor Norton are appended in the same order, adding
greatly to the value of the work by adapting it to the soil
climate, growth, &c., of this caunity. The united labors
of two such distinguished writers constitute this the most
complete and valuable Agricultural work ever issued from
the press. It comprises two large royal Svo, volumes, and
about 600 engravings on wood. The latter illustrate almost
every implement of husbandry now in use; the various
methods of plowing, planting, &c.; and the former, the domestic animals, the farm steading, &c.

AMERICAN WHIG REVIEW.

tor and Ec.tor, a number of the leading Whig Members of the Twenty-seventh Congress (18½-6) subscribed their names to the following resolution:

"Carnesity approving the plar, of such a National organ. Jong needed and of manifest Laportance, the undersigned agreeto contribute for its pages, from time to time, such communications as may be necessary to set forth and defend the doctrines of the United Whig Party of the Union Signed by George P. Marsh, Daniel D. Barnard, J. McPherson Berrien, J. R. Ingersoll, E. Joy Morris, T. L. Clingman, Daniel Webster, R. C. Winthrop, Thomas Butler King, Hamilton Fish, J. P. Kennedy, Wm. S. Archer, Rufus Choste, Alexander H. Stephena."

An engraved portrait of some distinguished person will be found in every number of the Review. They will usually be portraits of living American Statesmen, and whenever that is possible, will be accompanied with an authoric Memoir of the person represented.

The first objects of the Review are of course political; it is designed to set forth and defend the principles, the measures, and the men of the United Whig Party of the Union. It has been a matter of just reproach to that Party that though it embraces its due proportion of the intelligence and learning of the country, it has no Quarterly or Monthly Organ devoted to the expression and defense of its opinions and measures. The conductors of the American Review have done what in them lies to remove this reproach, by Securing contributions from sources of ability and truth.
